Small description of your general activity and your experience in the transnational mobility area

Euroform RFS has been operating in the vocational guidance and training field since 1996. It has extensive experience working within the framework of the Leonardo da Vinci program, both as promoter and hosting partner. Its main activities focus on vocational training, continuing education, adult education and youth guidance, turning particular attention to international mobility by implementing customized placement programs for students, young workers and post-graduates, and exchange programs for education experts and teachers. The key to Euroform RFS' success lies in the quality and professionalism of its Staff. Our activities are carried out by a qualified management team of experts with extensive experience in European projects design, training and guidance activities, human resources management, project management, and IT and business management. Our administrative Staff is a group of dynamic and motivated young associated, whit exceptional organizational and customer service skills. Our Staff's winning attitude stems from a commitment to the vision and principles of the Organization and from understanding and actively participating in everyday quality improvement activities. Euroform RFS's activities are backed up by the active participation of an international network of organizations. In the past few years, Euroform RFS has gained a great deal of experience as hosting partner to many European organizations. Along with customized programs for our trainees, we offer accommodation and supporting services specifically tailored to our students' needs and wants. In 2003, the organisation founded the International Mobility Desk (SMI) in partnership with the Administration of Cosenza Province and Calabria University (UNICAL). In its first three years of service, the SMI has delivered excellent supporting services to youth searching and applying for European mobility programs.
